

TRUCK CLEANING AND LOAD AREA ACCESS

Entering a bulk tipping trailer, silo tanker, intermodal wagon, container or flatbed trailer **is inherently unsafe** and Sibelco standard policy is that it is **NOT PERMITTED** on Sibelco sites.

It is the haulier and driver's responsibility to ensure that the mean of transport has been thoroughly cleaned before arriving on site to load material.

Only under exceptional circumstances when access or cleaning is required at site premises, **permission MUST be obtained from Sibelco Operations BEFORE commencing.**

Sibelco will agree a safe **Way Of Working**, to include:

1. Dedicated area for access and/or cleaning
 2. Supervision by a Sibelco employee during access/cleaning activity
 3. Following the Site Operating Processes regarding Work at Height, Confined Space entry, etc...
 4. Use of approved tools, ladders, tailgate supports, etc...
